Administrative and financial modalities for your accommodation with the Intervalle Association in Lausanne

Dear Sir/Madam,

We have been informed that you have requested housing with the Intervalle Association in Lausanne and we kindly ask you to take note of the following administrative and financial modalities:

- The length of your stay must correspond to the duration of the medical treatment at the Jules-Gonin Eye hospital (HOJG).
- The social services of the « Asile des Aveugles » Foundation will book your first stay. For any further booking you can contact Intervalle directly.
- In case of cancellation, please inform Intervalle immediately by phone, no ++41 21 312 48 00, by fax, no ++41 21 312 47 00 or by email at info@association-intervalle.ch.
- Room availability at Intervalle is not guaranteed.
- The price per night and per family you will have to pay is **CHF 130. --** (excluding taxes). It does not include food service.
- The bill is charged to you and must be paid in cash directly to Intervalle at the end of your stay.
- You must show the present letter at each stay.
- Any change of the present modalities will be provided in a new information letter.
- In special circumstances, the Jules-Gonin Eye hospital (HOJG) may participate for all or part of the accommodation expenses at Intervalle, but only if family financial difficulties have been declared beforehand. Before giving approval, the FAA social services require a detailed analysis of the family's social economic situation, with the backing of official documents confirming financial difficulties. In the case of doubt or of insufficient official documentary evidence, the HOJG will refuse the request for financial participation.

We thank you in advance for taking note of the present letter and remain at your disposal for any further information.

Yours faithfully,

Samuel Tschümperlin
Responsable du Service social
Réadaptation & basse vision
